## TrulinX Server Quarterly Checkup Service

Tribute, Inc. now offers a checkup service program for your TrulinX server. For a minimal charge, TrulinX support will log onto your system on a quarterly basis to monitor disk space, analyze Microsoft products and maintenance plans, and ensure that TrulinX is operating optimally.

This excellent technical support program by Microsoft Certified Professionals is available for an annual fee of \$300 and includes the following each quarter:

- **Microsoft Updates**

*Analyze your Microsoft products to ensure you have the current version(s) and if not, install the updated versions.*

- **Monitor Disk Space**

*Analyze and monitor the amount of free space on the hard drive and set up a task to automatically send you a message when the disk space reaches a predetermined level.*

- **TrulinX Patches**

*Ensure that TrulinX patches are in place for the version of TrulinX installed on your server.*

- **TrulinX Scheduled Jobs**

*Check your scheduled jobs to ensure everything is running smoothly.*

- **SQL Server Maintenance**

*Check your SQL Server Maintenance Plan status to ensure you are current on all SQL Server updates and upgrades.*

- **Follow-up email**

*Notification via email that the server checkup has been done and any issues that need to be addressed.*

The pace of business today runs faster than ever. Your time is at a premium and your business needs its technology to run as smoothly as possible to maintain your high standard of customer service.

Why not let the experts at Tribute ensure that your technology is running at the optimal level by signing up for the TrulinX Server Quarterly Checkup Service.

Tribute also provides a Disaster Recovery Service. For a minimal set-up charge and monthly fee, a temporary replacement server (to be kept at Tribute's main office) will be shipped to you within **1 business day** of receipt of your backup data. Those utilizing the Quarterly Checkup Service will receive a discount on this service.
